**DETAILED ACTION**

***Pending Claims***

Claims 1-4 and 6-8 are pending.

***Response to Amendment***

1. The rejection of claims 1-4, 6, and 8 under 35 U.S.C. 102(b) as being anticipated by JP 2002-348439 *has been overcome by amendment*. However, this amendment has introduced new matter.
2. The rejection of claims 5 under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over JP 2002-348439 *has been rendered moot by the cancellation of this claim*.
3. The rejection of claim 7 under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over JP 2002-348439 *has been overcome by amendment*. However, this amendment has introduced new matter
4. The rejection of claim 5 under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over JP 2001-247747 *has been rendered moot by the cancellation of this claim*.
5. The rejection of claims 1, 3, 4, and 6-8 under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over JP 2001-247747 *has been overcome by amendment*. However, this amendment has introduced new matter.

***Claim Objections***

6. Claim 8 is objected to under 37 CFR 1.75(c), as being of improper dependent form for failing to further limit the subject matter of a previous claim. Applicant is required to cancel the claim(s), or amend the claim(s) to place the claim(s) in proper dependent form, or rewrite the claim(s) in independent form. Claim 8 is dependent from *any one of claims 1-7*; however, claim 5 has been cancelled.

***Claim Rejections - 35 USC § 112, 1<sup>st</sup> paragraph***

7. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

8. Claims 1-4 and 6-8 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

Applicant has amended the claims with the limitation "*and not containing an organic coloring material.*" The specification is silent regarding *organic coloring materials*; hence, the exclusion of such materials represents new matter. The only coloring agents mentioned in the specification, other than the carbon precursors, are carbon black coloring agents. The instant invention explicitly avoids the use of carbon blacks as coloring agents; however, these materials are *inorganic* coloring agents.

***Conclusion***

9. It should be noted that Applicant has also incorporated the limitations of claim 5 into independent claim 1. Even with the removal of the new matter limitation, these claims would be subject to the rejection under 102/103 set forth in the previous Office action.

10. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
